Message from Greendale Schools Superintendent

Dear Residents,

In early April, the Greendale School Board approved its strategic plan, Vision 2020. The community identified three priorities to target as part of the vision, "We are inspiring minds!"

- Project-Based Learning as the Path to Personalization;
- Readiness for Post-High School Pathways Aligned with Viable Career Options;
- Youth Engagement in Afterschool and Summer Enrichment Opportunities in Arts, Music, Performing Arts, and Co-Curricular Activities Aligned with the Greendale Attributes.

The Board approved the definition, goals, and strategies associated with each of these priorities. We are excited to begin the work to make the district vision come to life.

One of the priorities centers around the mission of Greendale Park and Recreation, focusing on youth engagement in arts, music, athletics, and co-curricular activities through afterschool and summer enrichment opportunities. I am excited with the potential to expand activities for our children. Our community should look

forward to a greater listing of afterschool activities for children, especially at the elementary level, for the 2017-2018 school year. These will be listed in the Fall 2017 Park and Recreation guide.

I love this time of year as days become longer and windows can be opened for the summer breezes. Getting out and enjoying the beautiful weather during the summer is a priority as it usually doesn't last long in Wisconsin. Greendale Park and Recreation offers many opportunities for its citizens to be out and about in the Village enjoying the sunshine, including participating in summer leagues, taking advantage of summer playgrounds, or enjoying a movie or concert at Gazebo Park.

Take a look at the opportunities and plan on joining the fun. Hope to see you around the Village!

We are inspiring minds!

Gary Kiltz, Ph.D.
Superintendent
