

After School Sports & Activities

NEW!

Volleyball Skill Development

grades 3 through 5

This volleyball program is designed to help new or young players begin to develop their volleyball skills and knowledge of the game. Individuals will learn fundamentals, teamwork, rules, and strategy. As we progress, we will play games with modified rules to increase success. Join us for this after school program at your school!

 *TBD

Instructor:

Note: *Parents interested in helping out as volunteer instructors are encouraged to contact Nick Phalin at Nick.Phalin@greendale.k12.wi.us

Outdoor Soccer Skills

grades K4 through 2

This program is a fun introduction to soccer! Soccer skills will be learned through game-based activities and age appropriate challenges rather than traditional drills. This method encourages children to enjoy the lesson while learning to follow directions. It also offers opportunities for physical activity, socialization, improved coordination and team building. Participants should wear active clothing and bring a water bottle. See you on the pitch!

Dates/Places:

gr. k5-2	<u>College Park Field</u> Mondays, April 23-May 14	#321626.1
gr. k4	<u>Highland View Soccer Field</u> Tuesdays, April 24-May 15	#321626.2
gr. k5-2	<u>Canterbury Field</u> Wednesdays, April 25-May 16	#321626.3
gr. k4	<u>Highland View Soccer Field</u> Thursdays, April 26-May 17	#321626.4
gr. k5-2	<u>Highland View Soccer Field</u> Fridays, April 27-May 18	#321626.5

Times:

M/W/F 3:45-4:45 p.m.
 T/Th 3:20-4:20 p.m.

Instructors:

M/W/F Madeline Eisen
 T/Th Chandra Comiskey

Fee per day of week:

Resident \$20.00
 Non-Resident \$30.00

Program Evaluation is Important to Us!

Like what you see? Tell us what you like.

Help us change the things you don't like.

Program instructors have evaluation forms or request one at the Park and Recreation Department office.

We value your input...

Thank you!

Bricks 4 Kidz® Early Engineers

Kindergarten through grade 5

Bricks 4 Kidz® classes provide an extraordinary atmosphere for children, where they learn, build and play...with LEGO® bricks. Students build a new motorized model each week, designed by B4K® engineers and architects, with exciting themes that kids love! We use technic LEGO®s, teaching students how gears, pins and axles work together to create movement. We have multiple levels of difficulty for each build of the day to accommodate younger or less experienced builders to the older or more seasoned builders. Our models are motorized, designed to give students the skills they will later use in robotics courses, while developing team building skills and HAVING FUN!!! Try us once or all year. LESSONS ARE NEVER REPEATED, EVEN YEAR AFTER YEAR!

Dates/Places:
Session I Thursdays #322808.1
February 1-22
Canterbury School

Art Room

Session II Thursdays #322808.2
March 1-22
College Park School

Music Room

Session III Mondays #322808.3
March 5-26
Highland View School

Library/LMC

Session IV Thursdays #322808.4
April 26-May 17
Canterbury School

Library/LMC (except
5/17-in Art Room)

Time: 3:45-4:15 p.m.

Fee per session: Resident \$60.00
Non-Resident \$70.00

Instructor: Staff of Bricks 4 Kidz®

Note: Sorry, daily LEGO® Models do not go home with students; however, they will take home their own custom mini-figure at the end of the session.

NEW!

"Let's Code It!" Programming

grades 2 through 8

Learn to #code with Afterschool Enrichment Solutions! Both new and returning participants are welcome. Both courses will immerse students in the world of computer programming. Your child will have the opportunity to design games, explore animation, and combine music and art with coding. This class uses the block-based programming system Scratch, which was developed by the MIT Media Lab to teach programming concepts. Topics covered include event handling, coordinates, conditional statements, user interface design, variables, logic statements, and synchronization. In addition to teaching programming skills, this course will also nurture students' creativity and problem-solving skills. No previous experience is necessary, just a desire to learn and have gigabytes of fun!

Time: 3:45-4:45 p.m.

Fee per session: Resident \$89.00
Non-Resident \$99.00

Instructor: Staff of Learning Means Fun/Afterschool Enrichment Solutions!

Note: In either of the sessions, returning participants will have the opportunity to work on new concepts and projects and earn a higher belt color. New participants will be introduced to more basic coding concepts and can work towards the more advanced concepts.
