

# After School Sports & Activities

## Flag Football League

boys and girls, grades 4 and 5  
(2017-18 school year)

Interested in a safe, fun way to play football? Join us for flag football! Each elementary school will have their own team. All teams will have games which will be played on Saturday mornings at Konkel Park in Greenfield. Games will be played against other Greendale teams as well as Greenfield teams. Participants will play all positions while learning fundamentals and teamwork.

### Let's Code It! "The Digital Dimension"

grades 2 through 8

Learn to #code with Afterschool Enrichment Solutions! Both new and returning participants are welcome. This course will immerse students in the world of computer programming. Your child will have the opportunity to design games, explore animation, and combine music and art with coding. This class uses the block-based programming system Scratch, which was developed by the MIT Media Lab to teach programming concepts. Topics covered include event handling, coordinates, conditional statements, user interface design, variables, logic statements, and synchronization. In addition to teaching programming skills, this course will also nurture students' creativity and problem-solving skills. **No previous experience is necessary**, just a desire to learn and have gigabytes of fun!

**Dates/Places:**  
 Session I **Wednesdays #220809.1**  
 November 1-December 20  
 exclude November 22 & December 13
