Message from Greendale Schools Superintendent

Hello Community Members:

Welcome back to spring! Although this past winter had many spring-like days, we are all excited to turn the calendar pages to the true warm-weather months. In the schools, we are preparing for the many year-end events and traditions that bring the school year to a close including, the Prom Grand March, Spring Concerts, the Greendale Middle School play, and Graduation. Be sure to visit the district website calendar for dates and times of these special events (www.greendaleschools.org) and join us if your schedule allows.

Greendale Park & Recreation is an important organizer of a variety of community-building and enrichment activities all year long. Its outstanding programming promotes recreation, education and wellness for the youth and adults. This guide is filled with opportunities and I am confident you will find the perfect one for you.

This spring, a team of community members is working to refine the vision of recreation in the Village of Greendale. In the near future, this team

may be seeking input from residents in the form of a survey and/ or focus groups. Watch for upcoming communication from Greendale Schools for your opportunity to provide additional input.

We were pleased this year to introduce Community Connections to Greendale. This program, provided in partnership with Park & Rec, brings our students' learning about nationally-recognized Federal heritage months to the greater community with celebrations and special events. These evening activities extend the national celebrations of the cultures, communities, and traditions that take place in our country beyond the school day so all citizens of Greendale can attend. Watch our District publications and communications channels for information on upcoming Community Connections opportunities.

We are grateful for your support and excited to welcome you into our schools. Best wishes for a wonderful spring and summer season!

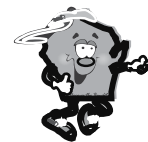

Kim Amidzich, Ph.D., Superintendent
