We are willing to work on payment plans if you need to do so...we are more interested in you registering for the class/program.

Message from the Greendale Schools Superintendent

Hello Community Members:

The seasons have changed! Colder weather has arrived and we are preparing for the winter months. Greendale Park & Recreation plays an important role in our community in every season! Park & Rec programming fosters recreation, education and wellness for the youth and adults. This Winter brochure is filled with activities to exercise your body and mind during the next several months. I am sure you will find something to meet your interests in these pages.

Although the COVID-19 pandemic has brought some unexpected twists and turns to our fall semester, our school students continue to learn and grow and we are all excited for the opportuni-

ties that the year 2021 will bring. As we welcome a new calendar year, Greendale Schools will begin work with the community on the development of the strategic plan. Our Vision 2020 Strategic Plan period has ended and we are completing our review of the results of our work under its guidance. As we do so, we will reflect on parts of that plan we can bring forward with us to focus our continued work to make our strong district even better!

Community participation is important in our strategic planning work. Please watch for more information on Community Visioning Sessions in early 2021. Information on these meetings will be shared on the district website (www.greendaleschools.org) and flyers will be posted at the

Park & Rec office. Following these sessions, we will ask Greendale residents for feedback through a community survey that will help us identify areas to focus learning. Work Teams of citizens and educators will come together in early spring to set goals and strategies for the top community-identified priorities. The goal is to have a new Greendale Schools strategic plan approved by the School Board this spring. I hope you will participate in one or all of these activities.

Best wishes for the coming year!

Kim Amidzich, Superintendent
