

BITS & BYTES

Introduction to iPhone/iPad

adults

As mobile phones dominate the modern world, it's hard to keep up without them. This class will walk through the bones of your "Apple" devices. We will be exploring the settings of your iPhone/iPad to tailor them to your needs, and keep you up-to-date with the world. We will go over user and privacy settings, figure out iCloud, how to download apps and music, add email accounts, and much, much more. Hope to see you there!

Dates: Thursdays
 Session I March 11 and 18 #310854.1
 Session II April 8 and 15 #310854.2
Time: 6:30-7:45 p.m.
Place: Greendale High School
 Computer Lab 17-19
Fee per session: Resident \$24.00
 Non-Resident \$34.00
Instructor: Charles Julien

Note: Bring your iPhone/iPad (fully charged) and updated to the most current/latest operating system.

Geocaching 101

ages 16 years and older and adults

Geocaching, a global game of treasure hunting using longitude and latitude coordinates, is a fun-filled adventure for all ages. With your smart phone or a GPS receiver, and internet access, you are ready to explore and hunt for a "geocache". This presentation will focus on the basics needed to get started in participating in this eco-friendly family friendly sport including suggested equipment, the website, how to search for a cache, and types of caches. Learn how you, your family, and even friends, can explore the parks in a new way!

Date: Monday, April 19 #312901.1
Time: 6:00-7:30 p.m.
Place: Zoom
Fee: No charge; however, pre-registration is required to receive the Zoom link.
Instructor: Renee Vanselow, a geocacher since February 2004 and a member of the Wisconsin Geocaching Association and Board of Directors since February 2009. Renee has met people from around the world through geocaching and has friendships from their shared experiences!

One-to-One Tutoring Apple Device or MAC Computer

adults

For anyone who has ever struggled with learning how to use the basic functions of their iPad/iPhone and learn on an individual scale, this private lesson is for you. In the lesson we will be going over the basic features of your iPad/iPhone that you want to understand better. Hope to see you there!

Cutting the Cord: Controlling Cable & Internet Costs

adults

Fees for cable television, home internet, smartphones, and streaming services quickly add up to hundreds of dollars. This seminar reviews your options to cut costs and still watch television programs and have internet access on your devices.

Date: Thursday, April 8 #313019.1
Time: 6:30-8:30 p.m.
Place: Greendale High School
 Room 176
Fee: Resident \$18.00
 Non-Resident \$28.00
Instructor: C.T. Kruger

Google and You!

adults

As the internet grows bigger and bigger, it is sometimes difficult to pick which programs are the right program to use! In this class, you will be shown one of the better programs out there, Google! You will be able to learn how it is such a helpful resource and how to incorporate Google for all sorts of things!

Specifically in this course you will be learning how to use Google itself, Google Drive, Google Mail (Gmail), Google Calendar and Google Images! Since Google is such a helpful tool, it can be compatible with both Apple and Android devices!

Learn how to use the powerful and free resource of Google to increase efficiency in both your personal and professional life. Hope to see you there!

Dates: Tuesdays
 Session I March 9 and 16 #310866.1
 Session II April 6 and 13 #310866.2
Time: 6:30-7:30 p.m.
Place: Greendale High School
 Computer Lab 17-19
Fee per session: Resident \$22.00
 Non-Resident \$32.00
Instructor: Charles Julien

Note: Bring your laptop, electronic Table, Smartphone, or iPad (fully charged) to class. Must have a Gmail account already established and have a basic working knowledge of your account.

"Old Family Photos & the Digital Age"

adults

Working on your old family photo prints and slides is a perfect Cabin Fever project!

This is the perfect time to finally cull and organize your old family photos. In this two-hour seminar, learn how to select images, create a workflow, get and stay organized, scan prints and slides, outsource options, and archive the collection. Information on computer use will be for Windows PC computers.

Date: Thursday, January 28 **#310840.1**
Time: 6:30-8:30 p.m.
Place: Greendale High School Room 176
Fee: Resident \$18.00
 Non-Resident \$28.00
Instructor: C.T. Kruger

Getting Control: Advanced Digital Photography

adults

You purchased an interchangeable lens (DSLR) or advanced point-and-shoot camera, but you cannot make the camera do what you need for portraits, sports, kids, nature, and other types of photos. Bring your camera to this "hands-on" workshop to "get out of automatic" and learn how to use your camera's Exposure Modes and other functions for a variety of special situations outdoors, indoors, and with flash.

Date: Thursday, April 15 **#313016.1**
Time: 6:30-8:30 p.m.
Place: Greendale High School Room 176
Fee: Resident \$20.00
 Non-Resident \$30.00
Instructor: C.T. Kruger
Note: Must bring your camera to class.

"You Have Pictures In Your Camera - Now What!"

adults

We have hundreds - if not thousands - of pictures in our cameras, smartphones and computers. Now what...?

This two-hour seminar demonstrates techniques to save and protect pictures and videos from cameras and smartphones to your computer, to external devices and to "the Cloud" using Windows 10 PC.

Date: Thursday, April 29 **#313006.1**
Time: 6:30-8:30 p.m.
Place: Greendale High School Room 176
Fee: Resident \$18.00
 Non-Resident \$28.00
Instructor: C.T. Kruger

Have you missed out on emails or cancellations of classes this past fall? Updates and patches are continuously happening with our registration software! Please make it a point to go in and check to see if your login and password still work and make sure your information is up-to-date before our next registration! If you do not use our online system, you can call the office to make sure everything is current! Please double check your email addresses and phone numbers, these are our prime means of communication with you! If we do not have correct information we cannot get a hold of you!! Thank you for doing your part to keep your information current!

NEW! Basics of Social Media 101

adults

Do your kids/grandkids have social media? Do you want to stay connected with your friends? Do you want to see what People have been up to? For anyone **new** to Social Media, in this class you will learn what social media is and how you can use it.

You will **set-up** and go through how to use some of the most common/most popular types of social media like... Instagram, Snapchat, QQ, Twitter, Google plus, and much more. You will learn how a **basic beginning user** uses these apps. Bring a pad of paper and a pen to right down your usernames and passwords for the apps that we set up! Hope to see you there!

Dates: Mondays
 Session I March 15 and 22 **#310869.1**
 Session II April 12 and 19 **#310869.2**
Time: 6:30-7:45 p.m.
Place: Greendale High School Computer Lab 17-19
Fee per session: Resident \$24.00
 Non-Resident \$34.00
Instructor: Charles Julien
Note: Bring your **Apple** iPhone (**NOT an iPad**) to the class fully charged. **This class is for the Beginner ONLY (not recommended for the current user).**

NEW!

Smartphone Video & Editing

adults

Whether a parent, an instructor, a business professional or just a creative soul, shooting and editing video with your smartphone is an efficient way to produce spectacular videos of your family, a lesson or a marketing message. This two-hour workshop covers smartphone video shooting techniques and how to combine video clips, photos, narration and music into a single video using smartphone apps iMovie for iPhones or FilmoraGo for Android.

Date: Thursday, April 22 **#313008.1**
Time: 6:30-8:30 p.m.
Place: Greendale High School Room 176
Fee: Resident \$18.00
 Non-Resident \$28.00
Instructor: C.T. Kruger

NEW! Virtual Digital Privacy Webinar
Consumer Reports' "Security Planner"
 adults

This workshop focuses on how to use Consumer Report's Security Planner tool to build yourself a custom tailored set of recommendations to protect your data and privacy online. We will talk through how the tool works with real-world examples and answer your questions.

When you use Security Planner, you just have to answer a few simple questions and we will help you:

- Safely backup files
- Browse online without being tracked
- Avoid phishing scams
- Prevent identity theft
- ...and much more.

Date: Thursday, February 11 **#310804.1**
Time: 6:00-7:00 p.m.
Place: Zoom (experience with Zoom is helpful)
Fee: Resident \$5.00
 Non-Resident \$10.00
Instructor: Z. George Slupski, Retired Superintendent Raymond Schools
Note: Make sure the department receives your email address upon registration for follow up by the instructor closer to your class time!

"Round Up" for Recreation ↑

Rounding up your program fee helps provide financial support to the Greendale Park and Recreation Department for promotion of preschool, youth, adult and senior citizen programs and participation for those unable to pay full price for programs offered by the department. Keep us in mind as you pay your registration fees this winter/spring!

Special Thanks to those who contributed in Fall 2020
You've made a difference!

Virtual Digital Privacy Webinar
Passwords
 adults

There have been billions of emails, passwords, credit card numbers, and other personal information that have been stolen and released online for hackers to access. These are referred to as "data breaches", and it means your account information could have been taken and shared with external parties. In this workshop, you will learn how to re-protect your information through things like creating and changing strong passwords and using available password management tools.

Date: Thursday, March 4 **#310803.1**
Time: 6:00-7:00 p.m.
Place: Zoom (experience with Zoom is helpful)
Fee: Resident \$5.00
 Non-Resident \$10.00
Instructor: Z. George Slupski, Retired Superintendent Raymond Schools

Note: Make sure the department receives your email address upon registration for follow up by the instructor closer to your class time!

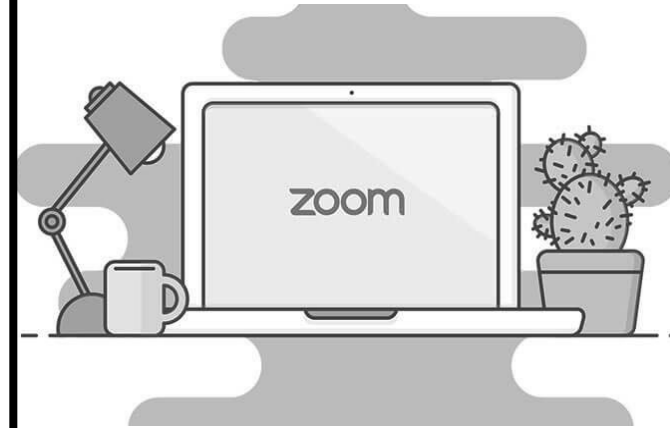

Virtual Digital Privacy Webinar
Phishing
 adults

In the wrong hands, our personal data can be used against us to coerce us into making decisions, paying increased prices based on our preferences, or even exploit us into giving away sensitive information or money. The process of people trying to extract this information from you is called Phishing. In this workshop, you will learn how to recognize and protect yourself against Phishing scams.

Date: Thursday, March 11 **#310801.1**
Time: 6:00-7:00 p.m.
Place: Zoom (experience with Zoom is helpful)
Fee: Resident \$5.00
 Non-Resident \$10.00
Instructor: Z. George Slupski, Retired Superintendent Raymond Schools

Note: Make sure the department receives your email address upon registration for follow up by the instructor closer to your class time!

For classes that have a virtual option, you must download the Zoom app ahead of time in order to log in and participate. For more information on Zoom and to download the app, go to www.zoom.com.

Please note: We do not have the capacity to troubleshoot for you so please use your family members or friends to assist you if you are experiencing connection problems. If you miss a class due to connection issues, there will be no refund, so please test your connection well in advance!

Virtual Digital Privacy Webinar
Video Conferencing
 adults

Zoom, Facetime, Skype. We are using these tools more than ever to connect with our colleagues, friends, and family, but we shouldn't sacrifice our privacy to stay connected. In this workshop, you will learn the basics of Video Conferencing - and how to best protect your privacy while using them.

Date: Thursday, February 25 **#310802.1**
Time: 6:00-7:00 p.m.
Place: Zoom (experience with Zoom is helpful)
Fee: Resident \$5.00
 Non-Resident \$10.00
Instructor: Z. George Slupski, Retired Superintendent Raymond Schools

Note: Make sure the department receives your email address upon registration for follow up by the instructor closer to your class time!
