Greendale Park and Recreation Department Employment Applications Go Digital!

In supporting the Greendale Schools “Going Green” initiatives, the Park and Recreation Department is utilizing an online employment application system.

To apply for employment with the Park and Recreation Department, visit our website:

gpr.greendale.k12.wi.us

From the Park and Recreation drop down menu, select employment and follow the prompts to WECAN to submit an application.

Special Notice To Parents Of Youth Program Participants:

Parents are reminded to pick their children up at the completion time listed for the activity they are participating in. Recreation staff are not responsible for participants once their class is completed (they are also not paid to wait for parents who are late in picking up their children). We also ask parents to stress to their children that when they are in a school building they should go directly to their program activity area and not wander around the building. We do not wish to lose our privilege to utilize these facilities because of participants being where they should not be. Your cooperation with this is greatly appreciated.

The **FIRST** and **FINAL** instructional classes may be observed by parents or other non-participants, unless special dates are scheduled by the individual instructors. Our instructors welcome the opportunity to discuss participant's progress with parents — ask before or after a class session.

To Our Program Registrants:

During the course of our programs, there have been times that disruptive participants have impacted our classes. Our instructors try to work with these participants, however, sometimes the behavior becomes such that it impacts the ability of the other students to learn and the ability of the instructor to teach and provide a safe learning environment. The following procedure will be in effect if problems occur:

1. Verbal contact between instructor and program participant and/or parent.
2. Reoccurrence following this conversation will result in removal from the program. *There will be no refund of fees for people removed from programs as the determination of offering classes depends on the number of registered participants.*

Incredible Toddlers

ages 2 and 3 with parent/care giver

Discover how much your toddler can do at this class! Your child will learn while exploring through science, art, stories, songs and/or movement.

This is a time where you as a parent/caregiver, can interact with your toddler while learning and having fun. As your toddler is doing their thing, the instructor will be explaining why this activity is important to your child's growth and development. The instructor will also have handy tips that you can do at home.

All while your child is being an INCREDIBLE TODDLER!

American Red Cross Babysitter's Pediatric CPR and First Aid

(Blended Learning) ages 11 through 13

Week One: Learn about the job of a babysitter in this course from effective supervision of children and infants, to choosing safe, age appropriate games and toys, to performing basic child-care skills such as diapering, feeding and dressing, you will gain the confidence necessary. Discuss how to find and interview for a babysitting job and how to communicate effectively with parents.

Week Two: After completing the online blended learning coursework online at home and **bringing your online completion confirmation** to class (required to participate), you will practice and polish your CPR and First Aid skills. Learn to prevent emergencies by identifying safety hazards and how to provide care for common injuries such as burns, cuts, and bee stings should they occur.

After attending both class sessions, completing the online coursework and checking off all the required skills, participants will receive the American Red Cross Babysitters Training (no expiration) and Pediatric CPR with First Aid (expires in 2 years) certifications. Class fee includes the American Red Cross certification fee (\$31), all class supplies and a binder with all class materials.
