Free Bicycle Safety and Big Vehicle Exploration Day

Youth with a parent/adult caregiver

Join Greendale Park and Recreation and Greendale Village Departments on Saturday, June 1st for Bicycle Safety and Big Vehicle Exploration Day. Bicycle riding is fun, healthy, and a great way to be independent, but it is important to remember that a bicycle is not a toy, it is a vehicle! It is important to know the rules of the road and safety tips when you ride. Bring the whole family to learn bicycle safety tips and practice your skills at this fun-filled event.

We will provide essential bicycle safety tips and stations, interactive demonstrations, exciting activities for kids, free goodies, and giveaways. Each participant can enter to win an awesome summer prize pack.

Bring your helmet and bicycle to travel through stations like bicycle inspection, rules of the road, and an obstacle course. While you're there, check out the big trucks that DPW, Greendale Police, and the Fire Department use to keep our village safe, healthy, and a beautiful place to live!

Bicycle helmets for children will be available for \$12 each (cash or check only). The child must be present to purchase a helmet as each helmet sold must be properly fit for the specific rider.

Date: Saturday, June 1

Greendale Park & Recreation Department Policies

Department Sales Tax

Sales tax is included in those programs that have an admission charge, such as open swim, open basketball and entry fees for any leagues (volleyball/softball/ basketball), in accordance with the Department of Revenue laws.

Waiting Lists

When you register and your class is filled, please be sure to call the office to get on the waitlist. The department will make every effort to accommodate those on the waiting lists (adding classes, etc). If any openings become available, we will then go to the waiting list to fill the class. Once you've been called about a class opening, you have one day to pay for your spot or it will be released to the next person on the waiting list.

Transfer and Refund Policy

The Park and Recreation Department will assess a service fee of \$5.00 for any class transfer or refund request in all classes that are not covered by our refund policy. No refund will be given unless the department cancels the class. To receive a refund, you must bring in your receipt seven (7) full business days prior to the class starting date. There also will be no prorating of class fees.

Refund Checks

If the department cancels a class, or you request a refund, checks are processed from the Park and Recreation Office, and will be mailed out. They take up to two weeks to receive.

Notice of Nondiscrimination Policy

It is the policy of the Greendale School District that no person shall be denied admission to, participation in, the benefits of any curricular, extracurricular, pupil services, recreational or other program or activity, or employment on the basis of sex, race, color, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, medical condition or disease, or physical, mental, emotional or learning disability.

No Smoking/Alcohol Use Policy

The use of all tobacco products or drinking of alcoholic beverages on premises owned or rented by the Greendale School District is prohibited by state law. Your cooperation in upholding this law is necessary.

Adaptive Program

We are interested in identifying the recreational needs of children and adults with disabilities who reside in Greendale. These needs may include adaptive or mainstreamed programming or resource assistance. Please contact the Greendale Park and Recreation Department during office hours at (414) 423-2790 if there is a program that someone you know would like to participate in but special adaptation may be necessary.

Hospital/Medical Insurance

The Department does not provide hospital/medical insurance coverage for people participating in sponsored activities. Further, the School District and/or Village does not provide hospital/medical coverage for department sponsored activities. Participants are encouraged to obtain their own insurance coverage prior to and for the duration of the activity they take part in.

Cooperative Programming

What does this mean? When you see this symbol it means this program is being made available as part of a cooperative programming agreement with other local departments or agencies. This is being done because individually each department or agency may not have the facility or instructor or enrollment necessary to offer the program. Working together the cooperative departments are able to better serve the needs of their residents by expanded program opportunities.

Class Cancellations

1. Due to weather...Questions regarding class cancellations often arise with weather. We may wait up to one hour prior to class time to cancel a class. Participants will be notified by email if a class has been cancelled. Parents are encouraged to use their own discretion about sending children if conditions are questionable.
2. If Greendale cancels schools for the day or sends students home, all Park and Recreation activities are cancelled.
 - a. If the program is being held at a Greenfield location, please call the Greenfield Parks & Recreation 24 hour hotline at (414) 297-9008.
2. If you have not been informed by email or phone, assume your activity has not been cancelled.
3. If poor weather conditions develop within 1-1/2 hours of the activity/event, report to the site if in doubt. Remember all sites are unique and activities may be conducted or modified.
4. Once at a program site, decisions concerning the cancellation or discontinuation of the activity will be in the judgment of the instructor, site supervisor/leader or game official.
5. If unanticipated school (educational or athletic) programming, unrelated to weather, forces program cancellation all registered participants will be notified by email or phone.

Confirmations are not mailed unless a self-addressed stamped envelope is enclosed

The fall 2023 collection generated 6,000 pounds or 3 tons of paper, saving 51 trees!

The Document Company (KARD Shredding) will securely shred documents on-site, and then bundle up the confetti-sized pieces and have them recycled. Accredited by the National Association for Information Destruction (NAID), KARD Shredding will securely shred your confidential papers. This sustainable process includes on-site shredding to NAID-certified specifications, then delivered to KARD's plant in New Berlin, Wisconsin, for a second shredding. KARD creates bales for paper mills in Wisconsin where the shred is de-inked and mashed as pulp into new paper. A single tree has potentially seven lives through this process, with one ton of paper saving 17 trees each time. According to the EPA, that same ton of recovered paper saves (1) enough energy to power the average American home for six months, (2) 7,000 gallons of water, and (3) 3.3 cubic yards of landfill space, as well as (4) reduce greenhouse gas emissions by one metric ton of carbon equivalent (MTCe).

Start planning and see you on Saturday, May 18th!

Sponsored by: Birmingham Recycling LLC and J&J Contractors I LLC Organized by: Greendale Park and Recreation Department with assistance from Greendale Department of Public Works

Note: Greendale Park and Recreation Residential Paper Shredding Event goes until 9:30am. Residential documents may not be accepted after that time. Residents not already in line and arriving after 9:30am will be turned away and not be able to have their documents shredded.

Designing Perennial Gardens

adults

The art of gardening is creating a living work of art! For over 20 years, our presenter, Jeff Trader, has designed his home gardens to encourage the viewer to sit, relax and enjoy! His gardens delight from early Spring through Fall. Perennials abound with a touch of annuals for added color throughout the seasons. Waterfalls and a lily pond can add enjoyment to a perennial garden as well.

Jeff's presentation will highlight the key elements in garden design for garden beds. Come and enjoy, get some questions answered if you have a perennial bed and are contemplating plans for 2024 and beyond (especially as you view your garden beds today and are looking for wonderful planting ideas). His goal is to share the benefit of his experience with all of you.

Consider visiting the GHS School Garden, behind the high school from 5:15pm to 5:45pm for a tour setup by Karla Geiger, School Garden Coordinator. Bring your favorite[s] perennials for an exchange. Light refreshments served from harvested items in the garden.

Community Garden Camp

Special Notice To Parents Of Youth Program Participants:

Parents are reminded to pick their children up at the completion time listed for the activity they are participating in. Recreation staff are not responsible for participants once their class is completed (they are also not paid to wait for parents who are late in picking up their children). We also ask parents to stress to their children that when they are in a school building they should go directly to their program activity area and not wander around the building. We do not wish to lose our privilege to utilize these facilities because of participants being where they should not be. Your cooperation with this is greatly appreciated.

The **FIRST** and **FINAL** instructional classes may be observed by parents or other non-participants, unless special dates are scheduled by the individual instructors. Our instructors welcome the opportunity to discuss participant progress with parents — ask before or after a class session.

To Our Program Registrants:

During the course of our programs, there have been times that disruptive participants have impacted our classes. Our instructors try to work with these participants; however, sometimes the behavior becomes such that it impacts the ability of the other students to learn and the ability of the instructor to teach and provide a safe learning environment. The following procedure will be in effect if problems occur:

1. Verbal contact between instructor and program participant and/or parent.
2. Reoccurrence following this conversation will result in removal from the program.

There will be no refund of fees for people removed from programs as the determination of offering classes depends on the number of registered participants.
