

AQUATIC PROGRAMS

Before You Dip Into the Pool

Frequently Asked Questions and Answers for Aquatic Programs
(and a few updated COVID protocols)

- What TO bring and NOT TO bring: Must provide own suit and towel. Proper swim attire required—no cutoffs, shorts, and/or t-shirts, and no 2-piece swim suits (bikinis). Recommend participants come dressed in swim attire. Long hair should be pulled back. The Park and Rec Dept. is not responsible for lost/stolen items. No food or drink is allowed in the pool/locker room areas. (Water in a water bottle is acceptable).
- Water Temperature: 80-82 degrees.
- Masks are required in the building, on the pool deck, and while waiting from the bleachers. (Subject to change.)
- Do NOT show up more than 5 minutes prior to the participant's scheduled class time.
- Enter the pool at entrance **B11** (east side of High School).
- We will be allowing ONE parent to attend the lesson with their child/ren with Parent/Child only IF NEEDED. After responding to the question-set check-in with parent – children will be directed to the bleachers by following the arrows on the pool deck and find a socially distanced fish. One parent may sit with child to assist in undressing/dressing for their lesson.
- Showers will NOT be required and Locker Rooms are available only on a limited basis for bathrooms access...we do recommend, however, that the children use the bathroom at home before arriving for lessons. Staff will direct the child to the appropriate bathroom area for the child's use (one child at a time in the boys and one child at a time in the girls). We are trying to limit as much congestion, contamination, and mutual usage in facilities as possible.
- There will be NO OBSERVATION days this winter/spring of swim lessons
- Make sure to check that everything the child came with to the pool goes home with them (towel, goggles, extra clothing, swim attire, boots/shoes, water bottle, coats and any other personal belongings). These items, if left behind, will NOT be saved in a lost and found. They will be put in the trash.
- Staff will be sanitizing the pool equipment at the end of each day (and in between sessions if necessary). There are enough kickboards and bubble belts for each child that would need one so there will be no sharing of equipment. Custodial staff will be providing deep cleaning, disinfecting, and sanitizing of the pool, deck, bleachers, bathroom areas, and high touch areas.

Aqua Yoga

ages 16 years and older and adults and seniors

Aqua Yoga is a great way to wake up your entire body and calm your mind as the pool allows the buoyancy of water to alleviate any potential stress on muscles and joints. It is a great way to ease into fitness because some people find yoga poses on land hard to hold but are so much easier in the water. Just because you're not running the risk of injury doesn't mean you're not getting a great workout – you are! In fact, when you're doing yoga in the pool, the resistance of the water gives you a better, more cardiovascular healthy workout all while cushioning your muscles and joints.
