Afro-Latino Drumming "An Exploration in Polyrythmic Communication"

5K through grade 5

This four-week program provides students a hands-on opportunity to explore, experience, and learn some of the rhythms and instruments used in the Afro-Latino Cultures. Sessions will cover the regions of West Africa, the Caribbean, as well as Central and South America. This program, while enhancing the musical understanding of the students, also provides an environment to explore respectful ways to show culture appreciation and empathy, develop self-confidence, improve communication skills and provide an opportunity for healthy self-expression.

Dates/Places:	<u>Mondays</u>	
Session I	April 12-May 3 Canterbury School Gym	#320215.1
Session II	<u>Tuesdays</u> April 13-May 4 College Park School Gym	#320215.2

Chess Scholars with Instruction

5K through grade 5

Develop your child's intellect through the royal game of chess! Current research has shown a strong link between chess and academic performance in a variety of areas, including mathematics and language arts. Chess can also enhance children's motivation, concentration, focus, social skills, and creativity! No previous knowledge of chess is necessary.

Each class will consist of a fun interactive teaching period and guided practice time. Beginner and experienced participants are welcome and will receive instruction to get them to the next level under the guidance of an experienced Chess Scholars coach.

Dates/Places:

Session I	<u>Mondays</u> February 1-March 22 exclude February 15	#322402.1
Session IV	April 12-May 24 Highland View School Music Room	#322402.4
Session II	<u>Tuesdays</u> February 2-March 23	#322402.2
Session V	April 6-May 25 College Park School Spanish Room	#322402.5

SII or V	Resident \$105.00 Non-Resident \$115.00	
Instructor:	Staff of Chess Scholars	

"Let's Build It!"

5K through grade 5

Enter into the fascinating world of robotics. In this exciting STEAM program, students will design, build and test their very own robots under the guidance of an experienced AES instructor.

Wacky Waves!

Winter Sessions I through III students will design, build, and test various circuits and electronic projects. Instructors will guide students through core concepts of electrical projects and experiments to explore how electricity is part of our daily lives.

Chain Reactions in Action!

Spring Sessions IV through VI will include STEAM concepts where students will be building Rube Goldberg "Mouse Trap" chain-reaction machines featuring levers, pulleys, and other simple machines. Engineering and physics concepts will be introduced and reinforced through hands-on, innovative lessons and creative play time. Problem solving skills and teamwork will be put to the test as the complexity of the projects increases from week to week.

No previous experience is necessary, just a desire to have fun, build, and learn; both new and returning participants are welcome!

Dates/Places:

Session I	<u>Thursdays</u> February 4-March 25	#320809.1
Session IV	April 8-May 27 College Park School World Language Room	#320809.4

Session III	<u>Fridays</u> February 5-March 26 exclude February 12	#320809.3
Session VI	April 9-June 4 exclude April 30 & May 28 Highland View School Library/LMC	#320809.6
Time:	3:45-4:45 p.m.	
Fees per session:		
SII, III, V or VI	Resident \$110.00 Non-Resident \$120.00	
SI or IV	Resident \$125.00 Non-Resident \$135.00	
Instructor:	Staff of Learning Means Fun/Afterschool Enrichment Solutions!	

NEW!

"Stage Stars"

5K through grade 5

Does your child have a "dramatic side"? You might have a budding Stage Star in your family! This drama class introduces students to the craft of stage acting with a skilled theater instructor. During this exciting class, students will learn theatrical skills, improve basics, and participate in interactive drama games. This class provides opportunities for students to have fun, express themselves, gain confidence, and interact with others, all within the context of theatre arts.

Dates/Places:
