THE GLEASONS

Since 2002 we have been making music together and we've loved every minute of it! When we began our journey we weren't sure where it would take us. We wanted to be Celtic, country, world, pop, and of course, we wanted to rock! So how does that work? Well... we decided to just let the songs come out. If you look at our song list you will see that most of the songs we do are our own. We have a lot of influences that blend together to create the "Gleason Sound." We celebrate our passions via the music we create. How lucky we are! Sláinte!

DAN LEPIEN

The cowboy hatted Milwaukee-area singer effectively evokes much of the best of the 1970s-'90s. Lepien is a go-to guy for country lovers who fondly recall the heydays of Tracy Byrd and Mark Chesnutt but leavened with a bit of Roger Miller and Brad Paisley's wit. Listeners who appreciate newer artists with an old-fashioned grit about them, like Jon Pardi and Cody Johnson, do not want to sleep on this up and coming Nashville recording artist.
